

## How to access Google Classroom

You can access Google Classroom from anywhere, including from, laptops, tablets and phones, through <https://accounts.google.com/> or by downloading the app from Google Play Store (search for 'Google Classroom').

### 1. Type

<https://accounts.google.com/> you're your Internet browser. You should see this page. Type in your child's Ovingham gmail address (see letter for gmail and password) and click 'Next'.

### 2. Enter your child's password and click 'Next'.

### 3. In the top right of the screen you will see 9 little squares (we call it the waffle!).

Click on the waffle and you should see a drop-down menu with a range of Google tools. Select the 'Classroom' option.

<p>4. You will see your child's class and teacher and the option to 'Join'. Click join to access the classroom.</p>	
<p>5. This is where you will receive notifications from your teacher about any new work and upcoming deadlines.</p>	
<p>6. Any work that has been set by your teacher, can be viewed by clicking the 'Classwork' tab at the top of the screen. This is also where resources to support work will be saved.</p>	
<p>7. Any work completed, can be submitted to your teacher by clicking on 'Turn in'. Don't worry if you forget something, you can always unsubmit your work and make changes to it.</p> <p>8. You can also ask your teacher a question if there's anything that you're unsure of.</p>	
<p>9. You can also install the App from the Google Play store on your Android device.</p>	

Please email [admin@ovinghamfirst.northumberland.sch.uk](mailto:admin@ovinghamfirst.northumberland.sch.uk) if you have any difficulties and we will contact you directly to resolve your query.
